**February 16th, 2016**

**10:00-10:50**
- **Keynote III**: 

### Oral Presentation

### Poster Presentation

### Types
- **Emerald Room 1**
- **Emerald Room 2**
- **Emerald Room 3**

### Rooms

#### Session 1: CHIT Workshop/Software Engineering I
- **Title**: Review of the Role of Modern Computational Technologies in the Detection of Systems
- **M-ID**: 612234
- **Room**: Emerald Room 1

#### Session 2: Networks and Information Systems I
- **Title**: An Adaptive, Fault Protected, Impedance of ACD based MANET Routing
- **M-ID**: 458822
- **Room**: Emerald Room 2

#### Session 3: Multimedia and Visualization
- **Title**: A Comparative Study on Edge Detection and Rough Transform Segmentation for Outdoor Image
- **M-ID**: 844845
- **Room**: Emerald Room 3
